## BIG MEXICAN ARMY IS TO ROUND UP VILLA

U. S. to Refrain from Broad-  
ening Lines in Mexico Till  
Carranza Gets Chance to  
Crush Banditry.

MOVEMENT BEGINS AT  
ONCE IN CHIHUAHUA

Big Bodies of Troops Are Re-  
ported Starting for Temosa-  
chic, Where Villa Is Wait-  
ing With 1800 Men.

(By Review Leased Wire.)

ATLANTA CITY, N. J., Oct. 16.—Major General Tasker H. Bliss, assistant chief of staff of the United States army, appeared again today before the American members of the Mexican-American commission. Later it was intimated that the measures for border control by the joint commission would not be forced by the Americans until a sufficient time has elapsed for General Carranza to show efficiency of his latest punitive expedition, relative to which new assurances were given the former today by the Mexican ambassador-designate, Arredondo, through Luis Cabrera, chairman of the Mexican commission.

Mr. Cabrera said his government would begin at once an "intensive campaign against Villa."

### ARMY STARTS FOR BATTLE.

EL PASO, Oct. 16.—Arrivals from Mexico report large troop movements out of Chihuahua City in the campaign against Villa, whose partisans are said to be in control of Namiquipa, which was held by the American punitive expedition until its lines were shortened during the rainy season.

A former follower of the bandit chief, Salazar, who had just obtained his release from the penitentiary in Chihuahua City, said here today that the execution of Villa sympathizers took place before the window of his cell and that from five to twenty prisoners had been shot to death there daily since September 16, when Villa made his surprise attack on Chihuahua.

### VILLA LEADS 1800 MEN.

CHIHUAHUA CITY, Oct. 16.—Villa is in the neighborhood of Temosachic with about 800 armed and equipped soldiers and a thousand impressed recruits of all ages, who lack arms, ammunition and mounts, General Trevino stated today. He said that Villa is not paying his men and is holding them through terror. Secret agents report that Villa is organizing an expedition to recover military supplies that had been cached in the sierras.

An absolute denial was made by General Trevino of the report circulated in El Paso that Villa, with 4000 men, had seized the southern section of the Mexico Northwestern railway and was running its trains, absolutely controlling the territory northwest of San Antonio.

## R. R. WIN POINT IN NEBRASKA CASE

(By Review Leased Wire.)

OMAHA, Oct. 16.—Another point in Nebraska's freight rate cases was decided today when Federal Judges J. W. Woodrough, Walter I. Smith and James D. Elliott issued an injunction which in effect will permit the carriers to maintain temporarily at least, schedule of rates promulgated July 3 by the Interstate Commerce Commission.

These rates are much in excess of those ordered in force by the Nebraska state railway commission in its order No. 19. This order precipitated the litigation which began two years ago. The principle involved in the proceedings dates back to the issuance of order No. 19 which granted material reduction in freight rates in this state and which later caused shipment of Council Bluffs, Sioux City, Kansas City and St. Joseph to institute before the interstate commerce commission an action to have the rates held as discriminatory.

## U. S. EXPEDITION IS SCOUTING FOR BANDITS.

EL PASO, Oct. 16.—American cavalry columns are patrolling south, east and west of Colonia Dublan, field headquarters of the punitive expedition, for the first time since the Carrizal clash, according to trustworthy advices brought to the border today. The Americans are reported to have established an outpost 20 miles south of El Valle for the purpose, it is said, of preventing surprise attacks on small American detachments by Villa bands reported several days ago as being in the vicinity of Namiquipa.

Other reliable reports state that General Pershing has ordered a re-alignment of his present lines.

## 20,000 RAILWAY SHOPMEN VOTE FOR 8-HOUR DAY

Employees of 17 Lines Deliver  
Ultimatum to Employers,  
Which Includes 3 Cents an  
Hour Wage Increase.

(By Review Leased Wire)

KANSAS CITY, Oct. 16.—A wage increase of three cents an hour and a demand for the 8 hour day throughout the six allied crafts of railroad shopmen of 17 western railways was agreed upon at a meeting of the shopmen here today. The crafts prepared an ultimatum outlining their demands which will be presented immediately to the railways.

The findings of today's conference were the result of a recent conference here when the demands of the draftsmen were refused by the railways. At that time a demand for a five cent an hour raise was presented by the shopmen. The railways also declared their willingness at that time to allow the 8 hour day for all stationary work but declared nine hours was necessary for repair work on rolling stock which would take the men out on the line.

Officials of the shopmen tonight declared the ultimatum of the crafts would be delivered immediately to the railways involved.

## TURK DREAMS OF SPOT WHERE BABY BOY WAS BEHEADED

EAST ST. LOUIS, Ill., Oct. 16.—Jim Ali, a Turk, held with Zakar Bogosian, an Armenian, in connection with the kidnapping and beheading of Alphonse Margerian, 3 years old, told the police here today he had a dream Sunday night and that he believed he knew where the boy's head could be found.

He asked to be taken to the home of Bogosian and led the police to a room where bloodstains were found on a mattress. There was no head, however.

Asked what he thought about, Ali said:

"Either him or me killed the boy. Put bloodhounds on the trail and if they lead to me I am willing to swing for it."

He refused to say anything further.

## HUGHES IMPLIES GOVERNMENT BY WILSON IS BY UNIONS

(By Review Leased Wire)

OMAHA, Oct. 16.—Charles E. Hughes, replying to the charge that his election might mean that "invisible government" would be installed in the United States, told an audience that crowded the Auditorium here to the doors that as there had been no invisible government in New York while he was governor, there would be no invisible government in the United States if he were president.

"I think indeed it might be said," Mr. Hughes asserted, "that the present administration has been in a large measure an administration of unofficial spokesmen, of mysterious influences."

"And I can say, in entire good humor, that I desire government through two houses and not three."

## BIG GERMAN U-BOATS PLAN TO "GET" GIANT LINER ADRIATIC, CARRYING MUNITIONS FOR THE ALLIES FROM AMERICAN PORTS

## U. S. ATHLETES WIN SWEDISH TRACK MEET

Simpson Beraks Olympic Hur-  
dle Record—Swedes Take  
1000 Meter Run, Defeating  
Ted Meredith, Champion.

(By Review Leased Wire)

STOCKHOLM, via London, Oct. 16.—Twelve thousand people gathered today to witness the games in which a group of star American athletes competed against representatives of the Scandinavian countries. The principal event was the 1000 meter run in which Zander and Bolin, Swedes, equalled the world's record of two minutes 31 1-10 seconds, finishing abreast well ahead of Ted Meredith, former American quarter mile champion, who on Saturday won the 400 meter dash in fast time.

Meredith's time today was 2:37 1-10. Bob Simpson, an American sprinter, won the 110 meter hurdles in 14 8-10 seconds, which surpasses the Olympic record by one fifth of a second.

The American team won the relay race. Fred Murray of the American team, was second in the shot put.

### RACE RIOT FEARED

PADUCAH, Ky., Oct. 16.—On the heels of two lynchings here today, Paducah prepared for possible further trouble tonight by ordering its saloons to remain closed and by swearing in extra peace officers.

The authorities, it was said, feared the lust for blood among the employees of a large railroad might be whetted by the summary execution during the day of two negroes whose bodies afterward were burned. One of them was charged with attacking the wife of one of the employees; the other expressed sympathy for him and, it was said, lauded his act.

## JERSEY GUARD IS HELD FOR SHOOTING

Private James Mysteriously  
Discharges Gun at Hereford  
Thursday, Wounds Five  
Men, One Seriously.

(By Review Leased Wire)

DOUGLAS, Oct. 16.—Private Herbert James, Company D, Fifth New Jersey Infantry, has been arrested pending complete investigation of the discharge of his rifle while he and several comrades were standing around a campfire at Hereford, Arizona fifty miles west of here, Thursday morning. Private George Back has a flesh wound through one thigh and the bone in the other thigh is shattered so that he will probably be crippled for life. Private John E. Main has a flesh wound in one thigh.

After passing through three thighs as described, the ball ricocheted and grazed another soldier's thigh, passed through the leggings of another man and lodged in the ankle of still another. Why James allowed his rifle to be discharged in this manner will be the subject of the investigation, according to a letter received from Colonel Abner Pickering, commanding the provisional war strength regiment to which they were temporarily attached.

### AUSTRIA AGAIN SEEKS RIECHSTROTH SESSIONS.

BERLIN, via London, Oct. 16.—The pressure in Austrian parliamentary circles for a resumption of the Reichsrath sessions is growing. It is reported that the ministry is not disposed to permit a convocation of the delegates but is still opposed to the assembling of the parliament.

Herr Hernestorfer says that all parties in the house of deputies, except the German radicals and all groups in the House of Lords, are united in demanding the convocation of parliament and the resumption of parliamentary life after a lapse of almost three years.

## PARKER, PROGRESSIVE, IS OUT FOR WILSON.

SCHENECTADY, N. Y., Oct. 16.—John M. Parker, Progressive vice presidential candidate, addressing an audience here tonight urged them to support President Wilson for re-election, declaring that while Hughes is an estimable man personally, "God alone knows who stands behind him in his campaign."

He scored Theodore Roosevelt and George W. Perkins for what he termed their betrayal of the Progressive party in the Chicago convention. He praised Wilson's legislative accomplishments as "truly progressive" and gave as the 1916 national slogan for Progressives "let well enough alone."

## COURT RESISTS GOVERNOR'S ORDER

Will Not Remit Fine to Itlitsky  
as State Officials Direct, Un-  
less Arizona Supreme Court  
Says So.

(By Review Leased Wire)

TOMBSTONE, Oct. 16.—(Special)—There will be no remittance from Co-chise county to Itlitsky as ordered by the Board of Pardon and Paroles and Governor Hunt in the sum of \$200 unless the order comes in the shape of a writ of mandamus from the supreme court of the state. The order from the board releasing the defendant from the custody of the sheriff, was complied with, but that part of the order remitting the fine will not be considered by Judge Lockwood.

He is the only one that has the authority to remit the fine and as the money has already been paid into the county treasury, it will not be forthcoming on the present order. The above statement was made by Judge Lockwood this morning and it is further reported that the judge has written the board to that effect.

The outcome of the case will be watched with interest and has already stirred up considerable discussion in this county. It is the opinion of nearly all the attorneys that the board exceed its power as did the governor in ordering the court to remit a fine that had already been paid and the money turned into the county treasury.

### OKLAHOMA FLOUR MILL BURNS, LOSS \$300,000

THOMAS, Okla., Oct. 16.—Fire destroyed the mill and elevator of the Thomas Milling Company here today, causing a loss estimated at \$300,000. One hundred thousand bushels of wheat was stored in the elevator.

## CHICAGO PASTOR IMPLICATES POLICE CHIEF WITH UNDERWORLD

(By Review Leased Wire)

CHICAGO, Oct. 16.—Rev. Myron E. Adams, pastor of the Night Church and a member of a voluntary vice investigating committee, testified with Wm. P. O'Brien, suspended police captain, today, that Chief of Police Healy and other city officers were cognizant of vicious resorts in the district in which O'Brien was in command. Mayor Thompson, whose testimony was expected to be the climax of the hearing on State's Attorney Hoyne's application for a warrant for Healy's arrest did not take the stand today but is expected to begin tomorrow's session.

Much of the day was occupied with descriptions of the revelries in the numerous cafes that had sprung up in the territory south of the former segregated district which was inhabited by a large percentage of negroes. Among the objectionable developments of the last year, it was said, were the so-called black and tan cafes where whites and blacks mingled together.

## RUTHLESS "SUB" WARFARE URGED BY GERMANS.

BERLIN, via London, Oct. 16.—A largely attended meeting of "the independent committee for German peace," one of the organizations conducting a campaign for a ruthless submarine warfare, was held this afternoon. According to the Tageblatt's report, the meeting insisted that an unrestricted submarine war must and should begin immediately. Count von Reventlow, editorial writer on the Tages Zeitung, who was one of the prominent speakers, added Dr. Karl Helfferich, to the list of the "under-ables." He declared that Dr. Helfferich was more dangerous than the imperial chancellor, Dr. Von Bethmann-Hollweg.

## PROGRESSIVISM OF DEMOCRATS IS TOLD BY WILSON

G.O.P. Want Army and Navy  
to Back Their Financial En-  
terprises in Mexico, Tells  
Long Branch Visitors.

(By Review Leased Wire)

LONG BRANCH, N. J., Oct. 16.—President Wilson today told a delegation of independents, comprising the Wilson Volunteers, that the Democratic party is the only instrumentality now at hand for the enactment of genuine, humane, just and progressive legislation. The members of the delegation came to tell the President that they planned to campaign for his re-election, because they felt he had given the country proper legislation.

With G. O. P. in Control

The President declared the time has come for America to "unite her progressive forces. He said the leaders of the opposition "want only three things to get the scalp of the present controller of the treasury, John Skelton Williams; get control of the banking system of the country, and to put the army and navy of the United States back of their financial enterprises in Mexico and throughout the world."

"The problem that America has had to face for some time," said the President, "has been to unite and organize her progressive forces."

10,000,000 Progressive Voters  
Describing the presidential vote of 1912, which he called "striking," the President said of the more than 15,000,000 votes cast, 10,000,000 were cast for the Progressive candidates and programs of the campaign. Of the remaining 5,000,000 votes, only 3,500,000 were cast for the Republican candidate, "a most extraordinary manifestation of the desires of the people to move along constructive lines for the progress of the nation."

### Averse To Bosses

LONG BRANCH, Oct. 16.—Rabbi Wise, in a brief speech today, declared the voters were supporting Mr. Wilson because they were unwilling to accept the leadership of Bosses Barnes, Roosevelt, Penrose and Perkins. He praised the President for the appointment of Justices Brandeis and Clark to the United States Supreme Court.

## PROHIBITION CANDIDATE IS BOMBARDED BY ROCKS

Landrith, the Vice Presidential  
Nominee of "Drys" Missed  
by Stones Hurlled Through  
Window of Train.

INDIANAN YELLS:  
"HE OUGHT TO DIE"

But Candidate, Speaking in  
State Where He Was Once  
Governor, Ignores Threats,  
and Is Wildly Greeted.

(By Review Leased Wire)

DETROIT, Oct. 16.—A missile, probably a stone, hurled violently by an unidentified man, crashed against the rear window of the dry special train observation car just outside Fort Wayne, Indiana, tonight, showering broken plate glass over Ira Landrith, the prohibition vice presidential candidate, and other members of the party, but injured no one.

For a time it was believed that the train had been fired upon. The finding of a stone on the observation platform later and failure to find a bullet caused the shooting theory to be abandoned.

An official report made to Wabash railroad officials that either a stone or a bullet had struck the train. Investigation was begun.

Hoosier Makes Threats.

Early in the day at Greensburg, Ind., a man had yelled from the crowd that Landrith "ought to die."

Rock Whizzed by Landrith.

Landrith was sitting with his back to the window when it was struck. Suddenly Mrs. Oliver W. Stewart, of Chicago, who was facing the window, saw a man step out into the track behind the moving train. Almost simultaneously a report was heard and a stone whizzed past Landrith's head. A shower of fine glass fell.

Is Warmly Cheered.

No other untoward incident marked the day. Hanly, speaking in the state of which he formerly was a Republican governor, was warmly received.

Hanly devoted today chiefly to defending himself for leaving the Republican party when it refused to adopt a dry national plank. He also continued to assail Fairbanks and Marshall for their liquor question views.

## WALSH SAYS WILSON LIBERATED AS MANY SLAVES AS LINCOLN

Expert on Industrial Relations  
Takes Fling at Roosevelt for  
Criticism Adamson's Eight  
Hour Law.

(By Review Leased Wire)

NEW YORK, Oct. 16.—Asserting that President Wilson had unshackled the business of the country from the domination of a few men and that he has freed more slaves than Lincoln, Frank P. Walsh, former chairman of the United States Commission on Industrial Relations, in a speech here tonight, answered Theodore Roosevelt's attack on the Adamson bill.

"The efforts of Theodore Roosevelt to align the workers of the country against the 8-hour law are being halted with reversion by the workmen all over the United States," Mr. Walsh said. "Roosevelt would have some superior body of men to decide in which trades and under what conditions men should be granted the 8-hour day."

Mrs. Mary Ware Dennett, executive secretary of the woman's bureau of the Democratic national committee today challenged the Woman's Committee of the National Hughes Alliance to an open debate in New York on the merits of the two presidential candidates.

### COTTON REACHES 17.21 HIGHEST PRICE KNOWN

MOBILE, Ala., Oct. 16.—Cotton reached a new high level in Mobile today when it sold for 17.21, the highest in the history of the Mobile cotton exchange. The price is 12 points above the New Orleans market which today reached the highest point since the Civil War.
